

A STATEMENT FROM REED EXHIBITIONS – ORGANIZERS OF EXPO SEGURIDAD MEXICO AND EXPO SEGURIDAD INDUSTRIAL

July 1st, 2020

Reed Exhibitions Mexico, organizer of **Expo Seguridad Mexico and Expo Seguridad Industrial**, today announced that the 2020 events, scheduled for August 18 to 20 at Centro Citibanamex, **have been postponed to April 2021**, following the continuing international travel restrictions and the limitations that local government is maintaining for public events.

For the past 18 years, Expo Seguridad has been the benchmark event in the region to develop business around the electronic and industrial security industry, with technology, solutions and education opportunities for domestic and international manufacturers, distributors, integrators and end users.

Commenting on the announcement, Jorge Hagg, Show Director, stated, "Given the current situation, we have made the difficult decision to postpone Expo Seguridad Mexico and Expo Seguridad Industrial events until April 2021, thus safeguarding the health and wellness for everyone involved. We trust that we will return in 2021 strengthened, both personally and professionally, to continue to contribute to the security industry of our country, as has been the spirit of our event throughout its history.

Unfortunately, the current conditions do not allow us to guarantee the quality of the event in August, but we are attentive to the evolution of the situation, rigorously abiding by the recommendations of both federal and local health authorities, and, above all, working hard to offer virtual solutions that promote the growth of the industry."

"On behalf of Reed Exhibitions, I would like to express my gratitude to all our exhibitors, partners, attendees, suppliers, media, and staff for their support; Expo Seguridad trade show will continue to be the quality event that the industry expects, next year" Hagg concluded.

Expo Seguridad is planning to hold its next face-to-face edition from April 13 to 15, 2021.
